Maierweier (曼威奇)

The control panel features a central digital display showing the time 18:16. To the left of the display are icons for temperature control: a plus sign for heating (升温) and a minus sign for cooling (降温). To the right, there are icons for settings (设置), winter/summer mode (冬/夏), and a function menu (功能). Above the display, there are several status indicators: a Wi-Fi symbol, a leaf icon, a house icon, a battery level indicator, and a snowflake icon. Below the display, there are three rows of data: '负荷' (Load) with a bar graph, '卫浴水量' (Bathroom water volume) showing 1.1, 'SCR' (Supply water pressure) showing 1.2 bar, and '供水水压' (Supply water pressure) showing 1.2 bar. At the bottom of the panel, there is a large power button icon and a home button icon.
